J'S STORY

When J first heard about Green Light Trust, she was in a tough place. Life had been overwhelming, and even the thought of joining a group made her anxious.

I'd had an exceptionally difficult year," she says. "I was struggling emotionally, and the idea of starting something new filled me with fear. I kept thinking, 'You're going to mess this up. You can't do this.'"

But J showed up. It wasn't easy, especially at first. She battled anxiety and self-doubt every step of the way. Slowly though, things began to change.

"By the second time I joined, my confidence started to build. I could take part more, and I

began to feel the benefit. Now, I look forward to it, I know how much better I'll feel afterwards."

That change has rippled out into her everyday life. She's started new activities, feels more motivated at home, and is noticeably happier. "As part of my therapy, I keep a daily wellbeing score and the days I'm with Green Light Trust are always when I feel happiest."

She hopes to continue taking part, growing her confidence and wellbeing step by step.

Where you can do all of the above and gain more!

Although we're working, it's relaxing, and you don't have to think about anything other than being in the moment and being here. I would definitely recommend a team day.

JOIN OUR GREEN LIGHT CANOPY

You're welcome to support Green Light Trust in any way that suits you, but joining our canopy offers meaningful benefits for both your organisation and ours.

Choose from three tiers:

BARENBRUG AND GREEN LIGHT TRUST

GROWING TOGETHER FOR GOOD

Green Light Trust is proud to have partnered with Barenbrug UK for over five years. This meaningful partnership is built on shared values and a mutual belief in our mission to create lasting change to those we work within.

Barenbrug has supported our work through their Helping Hands scheme, contributing over £22k over the last five years. In addition to financial donations, their team has given their time and skills, getting involved in projects across our woodland sites, running fundraisers and raffles, providing professional services and offering use of space to support our team meetings.

This partnership has directly contributed to our mission: to support and empower them through nature to rebuild lives, improve mental and physical health, gain confidence, and move forward with purpose.

We are delighted to work with Barenbrug. Their support is making a tangible difference and we look forward to continuing to grow this partnership in the years ahead.

The mutual commitment to a long-term association has reaped benefits for our teams as we can see and measure the impact of our actions both annually and cumulatively.
